Lyn McLardy - Project Coordinator
lyn@goflourishcharity.org

Office Telephone number: 01463 811 304

Office Address: Old Allangrange, Munloch, IV8 8NZ

The overarching vision of Go Flourish is to create exceptional gardens in schools and provide dedicated Liaison Teachers to bring the curriculum to life. By volunteering with Go Flourish, you are helping to reconnect children with nature and improve their mental health, educational achievements and future career opportunities.

Thanks to a collaboration with the Highland Council and North Kessock Primary School, the Go Flourish Garden is also a community space to be enjoyed by all. To keep this a safe and welcoming space, please be aware of the following guidance:

- Please be respectful of each other, the garden and any equipment.
- Any tools must be used, maintained and stored correctly.
- Please clean up after working in the garden and store things away neatly.
- The first aid kit is stored on the top shelf inside the polytunnel.
- Please fill in the accident book if required – you can find this with the red information folder on the top shelf in the polytunnel.
- If the garden session is during hours the school is open, you can use the toilets within the school. If school is closed, the closest public toilets are opposite the Kessock Hotel.
- Please bring any water or snacks needed with you.
- If you see any cause for concern in the garden, please let a Go Flourish staff member know.
- All of our policies are kept on our website, please visit www.goflourishcharity.org if you need any further information.

Thankyou for your help and we look forward to working with you!
