

WE ARE LOOKING

FOR YOU TO JOIN OUR

HIGHLAND AND ISLANDS

BLOOD BIKES

CONTROLLERS TEAM

We desperately seek new Highland and Islands Blood Bikes volunteers to join our friendly Controllers' team.

This is a vital role within our organisation to help us deliver our services, and you will be the first point of contact to receive calls from the NHS and allocate our drivers and riders to carry out the jobs requested.

If you would like to learn more about this role, please get in touch, and we can forward you to one of our team members for more information and an informal chat.

We will be delighted if you decide to join our team of volunteers for our lovely and very worthwhile charity. Please contact Clair.operations@haibloodbikes.co.uk or Chairman@haibloodbikes.co.uk for more information.
